

J. M. RALSTON DIES THURSDAY

R. L. STOREY ANNOUNCES FOR COUNTY CLERK

R. L. Storey, widely known native citizen of Milam County, today announced his candidacy for the office of County Clerk, subject to the Primary election to be held on Saturday, July 27, 1940.

In making his formal announcement Mr. Storey explained that his delay had been caused by a number of contributing factors and his decision to enter the race is influenced to a great extent not only because of his desire and need for the office but because of pledges of support from all sections of the county which he acknowledges with deep appreciation.

Mr. Storey feels as does his many friends that these pledges of support are indicative of a successful campaign and the encouragement which he has received assures his candidacy a formidable reception at the hands of the voters.

Mr. Storey was born and reared in Milam County. He has had under consideration for some time the matter of making the race for County Clerk. His life is a part of the growth and development of Milam County and his background is the spirit of the pioneer.

His grand father William Storey, settled in Milam County many years ago, even before there were any prosperous communities and civilization had not yet begun to flower. The old homestead is located between (Turn to Page 5)

Guy T. Haynes, Principal of the School, said the following students are among the ranking members of the class: Roy McDermott, Charles Green, Natalie Smith, Mary Dacy Langdon, Rebecca Jean Muse.

Buckholts Cotton Theft Case Produces Suspended Sentence

Dalvin Messer was found guilty of stealing 1648 pounds of lint cotton from Henry Garlich in Buckholts but given a suspended sentence in District Court here Tuesday morning.

The case became famous for its mystery, requiring several months of investigation before it was solved. Messer lives in Houston.

Merl Shockley, charged jointly with Messer, was ill and his case was postponed.

The theft of the cotton occurred in December 1939. The men loaded the cotton on a truck and sold it to a mattress factory in Houston.

400 Attend Open House in WPA Projects Monday Night

Open house for all projects of profession and service divisions of the WPA was held Monday night in the sewing room.

Approximately four hundred visited the room where exhibits were seen from all projects throughout the county.

While the onlookers viewed the work, a string orchestra played, and punch was served.

This week is "Open House Week" for all WPA projects and everyone is cordially invited to visit the sewing room any day this week.

WEATHER FORECAST

For Cameron and vicinity, Thursday night and Friday, cloudy and cooler.

Total rainfall for this locality Thursday was 2.12 inches.

Ordained to Priesthood

REV. ERNEST MICHALKA
At 8:30 Saturday Rev. Michalka was ordained to the Priesthood in Kirwin Memorial Chapel in LaPorte with Bishop C. E. Byrne, officiating. On Tuesday, May 21, at 10 a. m. he sang his first Solemn High Mass in St. Monica's church in Cameron.

HORSTMANN CANDIDATE RE-ELECTION CONSTABLE

E. Horstmann, constable for precinct 6, is a candidate for re-election to succeed himself, subject to the primary election to be held on July 27, 1940.

Mr. Horstmann announced two weeks ago that he would be a candidate for re-election. The announcement has been delayed through lack of time on the part of the publishers to prepare it and his many friends and supporters throughout the precinct are now happy to receive the good news that he is again seeking the office.

Precinct 6 embraces Buckholts and Sandy Ridge, an important territory within the county, and the office of constable from the standpoint of law enforcement is one of the major rural responsibilities.

Friends are pointing out how Mr. Horstmann has discharged his duties, saying that his success deserves the utmost consideration at the hands of the people whom he has served. In discharging his duties Mr. Horstmann has been fair and without favor to any one. He has followed the policy of being helpful, considerate, and at the same time fair in the discharge of the duties required of him as the law enforcement officer of a large section of Milam County.

In his service as constable Mr. Horstmann has co-operated with other peace officers and will continue to do so.

Mr. Horstmann was born and reared in that section of the county, knows the people, and is understood by them. That he enjoys the confidence of the people is evident. (Turn to page four)

YOE HIGH ATHLETES RECEIVE TROPHIES

The student body of Yoe High School was assembled at 3:30 Thursday afternoon for the awarding of track and basketball awards and trophies.

Those receiving awards were Joe Bill White, Alfred Dusek, Ben Tyroch, Warren Brashear, Guy Self, Allen DuBois, Fred Allen, Lionel Walschak, Raymond Lesikar and Robert Lee Dakel.

Basketball awards were given to Fred Allen, Paul Pfarrdrescher, Jack Walzel, Joe Bill White, Walter Lucas, Felix Marek, Walter Black and Joe Sevcik.

The athletic council presented the track team with a trophy for winning the county meet and the Coca Cola plant of Cameron gave them a cup for winning the track meet.

ROOSEVELT TO SPEAK

President Roosevelt will deliver an address Sunday night at 8:30. His subject was believed to be the relation of America to the European war and there was considerable belief that the address would be significant.

LEGION MEN HERE ARE FOR DEFENSE PROGRAM

Men of the American Legion in Cameron late Friday sent President Roosevelt a ringing endorsement of his preparedness speech on Thursday and called upon Congressmen to support the nation's ready for war program in its present outline for national defense.

At the same time Executive Committee of the local Post called upon the Congress to take immediate steps to protect America against the radical, un-American elements now known as the "Fifth Column," so called because they are engaged in treasonable and subversive activities.

R. A. Michalka, Post Commander, released the following statement at 3:15 p. m. today:

"Edwin Hardy Post No. 9, The American Legion, Cameron, Texas, at a called Executive Committee meeting, went on record as heartily endorsing the preparedness program for our Nation as outlined by our President and we urge our Congressmen to use all means within their power toward a speedy realization of this program and as developments unfold to take any further steps necessary for the protection of our Country, especially toward the elimination of the 'fifth column' of any foreign nation."

R. A. MICHALKA, Commander.

FARMERS WILL VOTE ON SOIL LAW SATURDAY

Farmers in Milam county vote May 25, on a question which not only is of prime importance to every farmer and landowner of this county but to every business and professional man in the area.

This is whether the Central Texas, Little River-San Gabriel and Taylor soil conservation districts should be established. These districts include all of Milam county.

The soil conservation districts are formed by the state soil conservation board.

The districts merely give the farmer the opportunity to band together to fight co-operatively their common erosion problems. Soil Districts have no power to levy taxes, issue bonds or assume debts of any kind.

Farmers in no other section of the state would have such an ideal set-up if they voted a soil conservation district. Here there is assistance available from a number of agencies and if a district is not formed here it is entirely possible and probable that this district will lose its CCC camp, the Soil Conservation Service headquarters and the offices of the state soil conservation board.

Those who understand the soil conservation district law declare it to be the most practical piece of legislation ever passed in the state.

Yoe Shorthand Star Loses First Place In State Rating

Through carelessness of contestant No. 236 in the State Shorthand contest in Austin and the additional carelessness of judges, Dianne Luckett, whose name was headlined in the state papers as the Shorthand winner of the state received word May 9, that an error had been made and she would receive second place awards.

E. A. Perrin, superintendent of the Yoe High School, Miss Luckett and her shorthand teacher, Miss Suelee Dean, immediately made a trip to Austin to investigate the matter. It was found that the paper of contestant No. 236 had been accidentally thrown in the waste paper basket by one of the judges and her paper upon being found had less errors than that of Miss Luckett.

The matter was brought before the State School Board and on Wednesday of this week Mr. Perrin received word that Cameron would receive second place.

Mrs. Betty Cato spent the week end in Austin with friends.

Asks Re-Election

HENRY G. LEHMAN ASKS FOR RE-ELECTION

Representative Henry G. Lehman of Giddings Tuesday authorized the Herald to announce his candidacy for re-election to the office of Floterial Representative of the 65th District subject to the democratic Primary in July.

Representative Lehman is now serving his first full term and according to the Democratic custom he is asking the people to re-elect him for a second term of office.

For his hard work and the record he had made as an active member in the 30 day special session of the 45th Legislature that gave him experience and recognition he was awarded an appointment on the Revenue and Taxation Committee which is considered one of the most important and outstanding committees of all the Committees in Legislature. He also had the honor of being the youngest member to serve on this important committee.

He was appointed Chairman of the Elmesynary and Reformatory Institutions Committee, being the first member of the Legislature from the 65th district to receive a Chairmanship of a Committee in ten years. Other committees that he was appointed to serve on are as follows: Public Printing, Public Health, Oil, Gas and Mining, Local and Uncontested Bills, and twice appointed to the Committee on Agriculture.

Representative Lehman assisted in reducing the expense of operating our state departments to the extent of \$6,000,000. This being a step in the direction of economy. Among the many other things he was a strong supporter of the Old Age Pension. He advocated in his previous campaign removing the insane people from the crowded jails. He has worked with the County Judges of his district and has removed all the insane or mentally sick from the jails in his three counties while the other counties over the state have more than 500 insane in their jails, being cared for at the expense of the taxpayers of the counties.

The progress that he has made and the experience that he has gained should mean much to his district and to the state as a whole.

"To my friends, the people of the 65th Floterial district, I submit my candidacy for re-election to the office of Floterial Representative and in doing so I am mindful of the confidence and responsibility that was placed in me when you honored me with this office.

It has been a pleasure to serve the people of my three counties and I have given to that service the best of my ability and if re-elected, I pledge myself to continue to work in the Legislative Halls of Texas for that type of legislation, that is best fitted to the people of my district.

I will appreciate your vote and support and in return I shall continue to express my appreciation by honest and faithful service."

Mrs. M. W. Krueger and daughter and son, Betty and Billy of Austin, spent the week end with her mother, Mrs. Aycock and family. Mrs. Aycock returned home with them to spend two weeks at their home.

NAZIS INVASION OF IRELAND SAYS REPORT

The tide of war appeared to have turned sharply against the Allies today.

The Germans claim control of the channel coast with the capture of Baulogne.

Calais and Dunkurque were bombed by German planes.

Invasion of the British Isles was expected by the English.

Winston Churchill in the House of Commons today said the outcome of the present battle in France is doubtful. The British press warned the people not to expect encouraging developments.

The Germans claim to have bombed the harbor at Dover but this was denied by the British.

The loss of Baulogne is regarded as a terrible blow to the Allies. The Germans have also retaken Abbeyville.

The fighting around Chamberai is said to be beyond all description for savagery. Loss on both sides is appalling.

Air battles between the Allies and the German planes are growing more intense.

The British government today conferred with the Irish government on what was considered a grave threat of Nazi Germany to invade England through Ireland.

A prominent member in the House of Commons was arrested today because of his sympathy for the Nazis. The Germans had made no progress in the direction of Paris.

The German press says the German armies have not as yet contacted the main Allied forces.

WPA OPEN HOUSE HERE EMPHASIZES BENEFITS

Beginning today Milam County and the City of Cameron, sponsors of WPA projects are co-operating in what is termed open house to demonstrate "this work pays your community," part of a nation wide emphasis on the value of these projects.

Special days are to honor separate groups of the program of projects. At 7:30 Monday night open house will be observed at the sewing room located in the old grammar school building.

On Tuesday open house will be observed for Men's Clubs and on Wednesday open house will be observed for Women's Clubs.

Church day has been announced for Thursday and on Friday and Saturday is Rural Resident's Day.

It should be remembered that the Day Nursery, not mentioned in the projects to draw public attention, is the most far reaching of all the government supported efforts in touching children and providing better conditions for those who do not have home advantages.

The Nursery School is adequately financed and is generally regarded in the community as fixed institution because of the splendid work it is doing.

Other projects mentioned in the week of appraisal of WPA benefits are: Records Project at the court house, a year long labor with a number of employees; PWA Sewing project; Adult Education Project; NYA Resident Center.

Cameron has benefited largely through these projects as has Milam county, chiefly in rural road construction.

CAMERON BOYS ENLIST

E. B. Long, army recruiting officer from Taylor was in Cameron Cameron Tuesday and signed up a number of Cameron boys for the armed service of the United States among them Albert Edmonds and Albert Eastling.

Anybody wanting information in regard to enlisting in the United States Army may see L. Van Perkins for full details. E. B. Long will be in Cameron every two weeks to sign up new men.

Rueben Fuchs of Burlington was a business visitor in Cameron Friday.

PIONEER ATTORNEY TO BE BURIED FRIDAY

Judge J. M. Ralston, 85, lawyer and president of the Milam County Bar Association, died at 3 a. m. Thursday at his home in Cameron.

Judge Ralston had been in critical health for about three months. His condition, although alarming did not become critical until Wednesday and news of his death shocked the entire city this morning.

Judge Ralston was born on Nov. 1, 1854, near Jefferson City, Mo. In 1873 he came to Texas, settling in Hempstead where his brother, Capt. J. C. Ralston had moved some years before.

Judge Ralston attended his first college at Cross Plains, Tennessee. Returning to Texas, he established a drug store in Hempstead. His business prospered and he established a store in Austin.

In 1883 he entered the University of Texas and was a member of the first class of law students to graduate from the school.

In 1884 he moved to Cameron to practice law. He was elected County Attorney and later District Attorney and also served the city of Cameron as mayor. Some years ago he was elected Justice of Peace of Precinct 1 and had long since retired from the practice of law.

On December 31, 1890, he was married to Miss Clara McCord, daughter of the late Captain and Mrs. A. P. McCord, pioneer citizens of Cameron. His wife died on Aug. 6, 1896, leaving one child, Miss May Ralston, who later became Mrs. Paul Brown.

On February 3, 1904, he was married to Miss Harriet Smith in Houston who now survives along with his daughter, Mrs. May Ralston Brown and two grandsons, Ralston and Paul Brown of Harlingen. Two brothers, Ed Ralston of Snider and Robert Ralston of Waller also survive. For 50 years he had lived in the residence in which he died, having purchased the home in 1890.

Funeral services will be held at 10:30 o'clock Friday morning, May 24, 1940, at the First Baptist Church in Cameron.

Judge Ralston recently made a large contribution to the building fund of the First Baptist Church and his pastor, Rev. V. M. Cloyd will pay him tribute at the funeral hour Friday morning.

Judge Ralston was recently elected president of the Association of Former Students of the University of Texas now living in Milam County.

Interment will be made in Oak Hill Cemetery with the Coleman Funeral Home directing arrangements.

11 CAMERON BOYS IN ARMED SERVICE

A round-up of Cameron boys in the armed service of the United States by the Daily Herald discloses that they are located at widely separate points throughout the nation and in foreign countries.

Jeff Cammer, Sr., father of Jeff Cammer, Jr., who recently completed the mechanical course at Randolph Field has supplied the Daily Herald with this interesting information.

All the boys are making good and here is the distribution as we find it this week:

Sealy Storey, a son of Mr. and Mrs. Bill Storey, is in far away Alaska in the Aero-field Service of the United States government.

Alex Lazek, son of Mr. and Mrs. Frek Lazek, Sr. and a member of the Yoe High School football team, graduating in June 1939 is at Randolph Field in San Antonio.

Floyd Hatch also a former Yoe-men who graduated in 1939 is making good at March Field in California. He is a son of Mr. and Mrs. C. V. Huffman of Cameron. Floyd is making rapid progress and likes the service.

Clyde Williams known as "Lightning" because of his football performance is at Randolph Field in San Antonio. He is the son of the (Turn to page 4)

The school will be conducted this year by Miss Lillian Richter, religious education director for Central Texas Presbytery.

Children from the surrounding communities are cordially invited and urged to attend.

CHRISTIAN SCIENCE SERVICES

"Soul and Body" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientists, on Sunday, May 26.

The Golden Text is: "My soul longeth, yea, even fainteth for the courts of the Lord: my heart and my flesh crieth out for the living God" (Psalms 84:2.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "I will walk before the Lord in the land of the living" (Psalms 116:9.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Life is the law of Soul, even the law of the spirit of truth, and Soul is never without its representative. Man's individual being can no more die nor disappear in unconsciousness than can Soul, for both are immortal" (page 427.)

LUNCH AT ST. MONICA'S
TUESDAY, MAY 21

FRENCH CAPITAL IN
NAZIS ARTILLERY RANGE

Collapse of Allied resistance seemed imminent today on all fronts in Belgium and France.

The government of Belgium has been moved to Ostend.

The Germans are only 7 miles from Paris.

The famed Maginot line if France's fortifications along the Belgian border have been shattered by German tanks and mechanized equipment.

Official admission from Paris told a definite story of the approaching military debacle all along the more than one hundred mile front.

Germany was apparently making a supreme effort to end the war quickly.

Within seven days from the invasion of Holland German armies are threatening Paris.

The vaunted French army, said by military experts before the outbreak of war to be a model of strength and mobility appeared today to be as ineffective as the French forces in 1870 when the Germans reduced the French empire to defeat within 60 days and made Louis Napoleon prisoner at Sedan.

The French conceded today that the situation was so grave that anything might happen.

The French government in Paris, while not yet fleeing the capital, was believed to be considering moving to Bordeaux or some other Western French port.

The British shared equally with the French the view that the whole allied position has been gravely threatened by Adolf Hitler's supreme and apparently successful thrust to crush France and to end the war quickly.

The Germans were marching on with such destructive speed that within the space of hours, unless a miracle of defense occurs, they will have succeeded in penetrating to the French capital.

Paris will fall into the hands of the Germans for the second time in modern French history.

Military observers feel that Hitler is making his supreme effort and unless he succeeds in destroying both France and England within the next few days, he will be forced to withdraw or enter a stale mate with his armies and thus suffer a great disadvantage.

The Germans were paying a terrific price in slain for the advances they were making.

Berlin today reported that 12,000 French soldiers and two French army generals have been made prisoners together with thousands of guns and other equipment.

The British and Belgians have lost the battle around Brussels and will be driven out of the country.

In the Balkans the situation continued to be more grave. Turkey served notice today that if the Balkans are invaded she will go to war at once.

It was reported from Moscow that Russia had concluded a series of defensive alliances with small Balkan countries and that Turkey and Russia are also reaching agreement over South Eastern Europe.

German submarines are now operating off the coast of Holland and within the matter of hours the much heralded attack on the British Isles will be under way.

Vegetable Laxative

Has Important Points

Most people want a laxative to do three things: (1) act punctually, (2) act thoroughly, (3) act gently.

Here's one that usually fills all three requirements when the easy directions are followed. It's an all-vegetable product whose principal ingredient has medical recognition as an "intestinal tonic-laxative."

That's the ingredient which enables BLACK - DRAUGHT to help tone lazy bowel muscles. It is the main reason for the satisfying relief from constipation that generally follows next morning when BLACK - DRAUGHT is taken at bedtime. The millions of packages used are proof of its merit.

Sensible

IS THE WORD THIS SUMMER

Recall some of the hat styles worn by women during the past few seasons, the talk they created, the jokes told about them? Judging from fashion pictures of women's hats in current magazines and advertising there is a return to sensibility in their styling. This is remindful of modern gas range styling because the word "sensible" best describes the aims of engineers and designers in styling the new 1940 gas ranges.

Sensible, too, is the styling of modern gas ranges

Take a look at the new gas ranges. Note how designers have left off all flourishes to create a smooth flowing, beautiful kitchen appliance that is as sensible as it is efficient. Easy-to-clean rounded corners, scientifically placed top burners for convenient boiling and frying, the valve handles, drawer pulls, top burner grates, condiment set, light and time reminder—all designed to blend into a pleasing whole that adds smartness and efficiency to a kitchen. For easier, better, more economical cooking this summer, and for years to come, the modern gas range is the "sensible" appliance for today's kitchen.

STOREY

(continued from page one)

Cameron and Rockdale, south of the River.

Thus it can be seen that Mr. Storey is no stranger to Milam County and thoroughly understands the people whom he would serve in the office.

Mr. Storey possesses to an unusual degree educational and clerical advantages. These have come to him as result of long years of experience in business and otherwise. He is therefore not only competent, friends point out but would bring to the office great ability to serve and feels that he could inaugurate a number of advantages for the benefit of the people in this important office.

Mr. Storey said that if elected he would be able to devote and would devote all of his time, talent and energy to the duties of the office. He said he has no other interest and will have no other interests except to serve the people at all times.

Mr. Storey feels that in as much as public office is both a benefit and a responsibility that its advantages should be available to all citizens and hopes to be able to present his claims not only in the light of Democratic customs but upon his qualifications which are outstanding, and are being advanced by his friends in their support of his campaign.

Mr. Storey has a high conception of public duty. It would be his purpose to make his service conform to those high ideals and his many friends knowing his estimate of what public responsibility should be in return for the confidence of an election feel that the government of the county would be greatly benefited by his election and point out that Mr. Storey's candidacy is an opportunity for the people to choose one not only worthy and qualified but deserving as well.

Mr. Storey, because he has a

crippled left arm does not have an opportunity to work like other men but declared he does not feel that a physical handicap is a qualification for public office. He is not asking for election based upon his handicap but solely on his ability and outstanding qualifications to render service commensurate with that of any man who seeks to serve the people.

Mr. Storey has been actively identified with public affairs as a private citizen for many years. He has had at all times an active sympathetic interest in the problems of the people.

Mr. Storey makes a close study of public affairs and would be in position to give full and adequate consideration to all problems, arising in the administration of the duties of the office.

Mr. Storey hopes to make an active campaign and to see each voter if possible. He extends to one and all his sincere appreciation and asks for your vote and support assuring each one that it will be appreciated and his service of elected will justify the confidence of the people.

SAN GABRIEL GRADUATION

The 1940 graduating class of the San Gabriel High School held vespers service Sunday evening, May 19, with Rev. Ralph Brink officiating.

The graduation exercises will be held Thursday night, May 23, at 8 o'clock. The speakers for the occasion will be each member of the class as has been customary for the past several years.

The theme for the exercises this year, "Success Although Handicapped," will be discussed through such topics as biographies of men and women who have loss of eye sight or limbs, disease, racial prejudice, martyrdom, wealth and poverty.

Edwin Stoeber of Burlington visited in Cameron Wednesday afternoon.

HARMONY INSTEAD OF HATRED

IS THE FERGUSONS' PROMISE

Unless the Governor possesses sufficient wisdom and diplomacy to command respect of the legislature, it is useless to hope that any constructive program can be carried out.

No purpose is served and the people are not benefitted when vicious attacks are made on members of that body in order that an alibi may be established.

Repeated charges against the political integrity of our lawmakers destroys all hope of future harmony and prevents any possibility of securing much needed legislation.

After all, the final responsibility rests with those elected to make our laws and any one who refuses to recognize, or is ignorant of, this fundamental fact is totally unfit for the office of Governor.

The Fergusons past record for harmony is the surest guarantee of their future relations with the legislature.

The Fergusons will speak at Fair Park, Dallas, Saturday, May 25th. Hear them over Radio Station KRLD, beginning at 8:15 p. m.

THE FORD WAY OF DOING BUSINESS

The Ford Motor Company was founded by a working-man for working-men. Its present officers began as employees of the Company. It was the first company to pay a minimum wage, beginning in 1914, at the then astounding figure of \$5 a day. That was double the prevailing wage of the time. The Ford minimum is now \$6 a day for all employees engaged in production work. And from that, the wages rise to \$10.80 a day, with the average wage \$7.25, exclusive of salaried employees.

The Ford Motor Company was the first large company to establish the 8-hour day—also in 1914. And the 40-hour week was inaugurated by the Ford Motor Company in 1926, years before any such laws existed.

The Ford Motor Company employs men without regard to race, creed or color. It is common

knowledge that working conditions in the Ford shops are the best that science and constant care can make them. A square deal, a just wage and stabilized employment for a large proportion of our employees—and as fully stabilized for all as conditions will permit—enable our men to retain their personal independence.

In consequence of these policies the Ford Motor Company has one of the finest bodies of employees in the world. The larger proportion are mature men of long

service with the Company—sober, decent family men. Hundreds of them have been with the Company for more than 25 years—thousands for more than 15 years. Their health record, home ownership and citizenship records are good.

All this is reflected in Ford products, whether cars, trucks or tractors. The work is honestly done. Materials are the best that can be made or procured. Less profit to the Company and more value to the customer is known throughout the motoring world as "Ford's way of doing business."

Ford Motor Company was the first to make a motor car within the means of the average family—quitting the manufacture of what was then the largest selling model in the world to do so. Its chosen field in all the 30 years since that

time has been the average American family—for which it has consistently provided car facilities which formerly only the wealthy could buy.

It is the policy of the Ford Motor Company to share the benefits of advanced methods and management with workers and public alike. Increased wages and employment over a period of many years have resulted in

A 300 per cent increase in the built-in value of the Ford car and a 75 per cent reduction in its price.

BRITISH EMPIRE GOES UNDER DICTATORSHIP

Fierce fighting involving millions of German and Allied soldiers is raging in Northern France.

Germany is throwing every ounce of her military might into the struggle, gambling on the outcome.

This was the unqualified statement of experts who said also that anything may happen in the present battle, described as entailing a score of large as well as small engagements.

General Maxime Weygand, Allied Commander, told the French people that one month of resistance will win the war.

The Germans are within 55 miles of Paris but are being slain by thousands in the bloodiest sacrifice in history.

Germany has lost 500,000 men killed since the invasion began last week.

Allied losses total 250,000 men killed and of this number are Dutch and Belgian soldiers.

The battle raging today was the climax of the total war hinted at in both German and Allied capitals.

All bridges over the Somme have been blown up.

King George of England today took over absolute control of the British government, the people of Britain, industry and commerce and even personal property. England is girding for the struggle of the long years of her history.

German planes bombed southern England again this morning.

It was impossible to get a picture

of what is transpiring and hours will be required.

Premier Paul Reynaud in a speech to the French Empire shortly before noon Wednesday indicated the military outlook still is very critical for the Allies but said that if France can hold out for 30 days the Allies will have gone three fourths the way to victory.

General Maxime Weygand commander in chief of the Allied forces made a flight over the German and French lines Wednesday morning. He is reported to be in the field and to be personally directing all operations.

Rumblings of war in the Balkans become more clear today as Roumania ordered full mobilization of her armies.

The mobilization was believed forced by the presence of Russian armies on the border of Bessarabia now a part of Roumania and taken from Russia by the treaty of Versailles.

Soviet Russia is playing as yet an unknown role in the Balkans. On the face of developments it appeared that the Reds are preparing to protect both Hungary and Yugoslavia.

Italy is concentrating war equipment in Albania.

The Germans say that the British army is in full flight around the channel ports and that Nazis planes are taking a heavy toll.

Late Tuesday night a broadcast said that British troops getting out of the pocket were re-entering France at ports further down the coast in the vicinity of Abbeville.

The French navy was concentrating considerable strength off the coast of France and shelling the German units said to have penetrated to the channel.

Last night German planes bombed sections of the English coast and also bombed cities in France.

American government diplomatic interests were said to have been proceeding to Bordeaux in Southern France.

Manifestly there was little change in the Military situation but continued grave developments jeopardizes Paris where flight of civilians was said to be approaching wholesale exodus.

Powerful units of the French army preceded by tanks and motorized equipment, launched a heavy attack and had succeeded in cutting German communications by the capture of Arras.

The thrust of these French units had isolated all German troops and motorized equipment which on Tuesday had penetrated within 12 miles of the English channel.

At the same time the British army in combination with French troops launched a heavy counter offensive at Cambrai. The allied wedge was penetrating in two directions and the outcome of the battle which if successful would be the most important development since the war began.

The most serious trend reported Wednesday was the advance of German units to the vicinity of Rheims, scene of a bloody road in the German invasion of 1916. The Germans were apparently now determined not only to force passage to the channel but converging on Paris and taking the French capital if possible.

On the face of news reports up to noon Wednesday there was considerable indication that the French were stemming the German tide, but the situation continued critical

COLLAPSE OF FRENCH IN NORTH IS CLAIMED

The blitzkrieg army of Adolph Hitler looked across the English Channel at noon Tuesday.

Powerful mechanized units of the miracle forces of the Reich had reached the sea and captured the important French coast town of Abbeville.

To the west lies the cities of Calais and Dunkerque, the latter only about 20 miles from Dover.

While the German thrust had carried the troops of the Nazis to the channel in 11 days to accomplish what four years of bitter war could not do for the Kaiser in 1914 to 1918, to the north and west a million Allied soldiers were sacked up and due for surrender or destruction.

Premier Paul Reynaud told the French Senate early Tuesday that the swift and successful operation of

the German advance forces was not a disaster but so near a catastrophe it would have a far reaching effect on the tide of war.

The French Premier said that the capture of the channel port of Abbeville was due to neglect on the part of someone in the French army. Failure to blow up a bridge across the Somme river was responsible for the thrust of the German forces.

"They will be punished," said Reynaud. There was grave speculation whether the disaster would be traced to treason within the French army or to Fifth Column influences believed to lie behind the poor showing of the French.

The Ninth French Army and its Commander General Gouraud and Staff, have been captured by the Germans.

In the pocket referred to by the Germans are one million fighting men of the Allies as follows: Approximately 300,000 each of French, Belgian and British.

This situation would depend on the equipment of the men thus isolated and whether the reported French counter attack could sew up the space near the Luxembourg border.

In Italy the government under Mussolini was reported engaged in moving large bodies of troops.

Soviet Russia was reported massing men on the border of Bessarabia.

Italian entry into the war was believed to depend on the success of the Germans to reach the Channel Ports.

With the Germans already in Abbeville it was believed certain that Italy would enter the war to take advantage of the collapse of the French in Northern France.

Russia is said to have warned Italy to keep out of the Balkans.

There was general belief that Russia is soon to take advantage of the military situation and to strike for a regain of Bessarabia while Germany now working with the Soviet would benefit by an invasion of Rumania for oil.

Close collaboration of Germany, Italy and Russia would completely forestall any Allied action in the Balkans.

It was rumored French contingents bringing in her Near East army to bolster home defenses.

At the same time the Germans had captured Amiens and pushed on to the Channel, another column of German troops preceded by tanks and mechanized units turned east toward Paris.

Thus it can be seen that the Germans feel that French resistance is

PLACE YOUR HOME IN THE SHADOW OF A SNOW-CAPPED MOUNTAIN THIS SUMMER

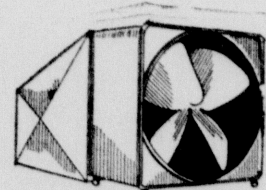

Attic VENTILATION

Cooler

... Attic Ventilation keeps your home cooler... cooler by several degrees... cooler so that nights bring you restful sleep and mornings find you refreshed. Call your electrical dealer or contractor now for an estimate, so as to enjoy this cool comfort during all the summer months.

Thousands of Texas homes, large and small, have proved the effectiveness of Attic Ventilation. It is one type of home cooling that is very simple and very inexpensive. The low cost of electric service enables you to have Attic Ventilation in your home for a few cents a night. This is one of the modern conveniences made possible by cheap electricity.

For more than a generation the Texas Power & Light Company has been building a record of lowered electric rates, of contributions toward higher standards of living, of cooperation with cities and towns in community betterment projects and of large sums paid out in taxes, in payrolls, and for purchases... substantial contributions to the progress and well-being of the towns we serve as well as the State of Texas.

Ask your electrical dealer or contractor for an estimate of the cost of installing an Attic Ventilating Fan in your home. Make yours a "Home, where Spring Spends the Summer!"

BRYANT STATION H-D CLUB

Some years ago a reward of \$1,-
000 was offered for a formula for
home cleaning that would be same,
inexpensive yet effectual. Potatoes
water won the award.

The method: Peel and grate two
or three medium size Irish potatoes
and soak pulp in one quart of cold
water for an hour or more. Squeeze
out potato and rip water through a
thick cloth to remove sediment. Dip
a sponge or a thick pad of cloth into
the water, frequently rubbing the
soiled spot. It is especially effective
on any soil of a greasy nature.

Mrs. B. B. McAnulty gave this
demonstration at the Bryant Station
Home Demonstration club meeting on
May 16, 1940.

Other parts of the program were:
"The woman and Her Club," and "The
Value of Good Grooming," with
Mesdames Chambers Lively and
Obermiller participating.

Miss Cleo Neal was elected dele-
gate to the Farmer's Annual Short
Course at Texas A & M College with
Mrs. E. Obermiller as alternate.

Misses Ellen and Cleo Neal, the
hostesses, served a delicious refresh-
ment plate consisting of sandwiches,
peanut butter cookies, and iced tea.

Mrs. R. Flannigan, Mrs. Erle Pet-
ters and Misses Marie Lively and
Pearl Senkel were visitors.

Miss Dorothy Porter will be in
charge of a demonstration on vege-
table canning and storage at the B.
B. McAnulty home on June 6. Vi-
sitors are always cordially invited
to attend.

NEWS FROM BUCKHOLTS

MRS. KAY HENDERSON

Mrs. K. Henderson of the Bryant Station community died suddenly at 6:30 p. m. Thursday, May 16, 1940, while on a visit in the home of her son in law and daughter, Mr. and Mrs. E. J. Kahler, in Buckholts. While Mrs. Henderson's health had not been good for some months her death came as a decided shock to all.

Mrs. Henderson was the daughter of Mr. and Mrs. J. D. Holland was born in Newton, Alabama, on July 10, 1870, and came with her parents to Texas when two years of age.

Most of her life was spent in Milam County. She married Kneadum Henderson 54 years ago. Five children were born to this union three of whom died quite young.

Mr. and Mrs. Henderson moved to Buckholts in 1907 and resided here until 1925, when they moved to their farm near Bryant Station.

She united with the Baptist church when quite young and was faithful until called home.

Her survivors are her husband, Mrs. E. J. Kahler and Sam Henderson.

Funeral services were held at the Buckholts Baptist Church on Friday afternoon at 3 o'clock with Rev. P. L. Caperton of Cameron conducting the service. Interment was made at South Elm.

Pall bearers were as follows: John Meyer, J. R. Slovacek, Ed Kolba, Jack Barnes, E. B. Hyer and Buford McMillon.

Out of county relatives attending the funeral were Mr. and Mrs. Les Holland and Mr. and Mrs. Carl Stephens of Dublin.

CARD OF THANKS

We wish to thank all of our friends, neighbors and acquaintances who have in any way, by flowers, kind words and visits, expressed their sympathy and lessened our grief during the illness and death of our beloved wife, mother, sister and grand mother. May the Lord bestow his richest blessings on each and every one of you.

K. Henderson.
Mr. and Mrs. Sam Henderson and Sons.
Mr. and Mrs. E. J. Kahler and Sons.
Mr. and Mrs. G. L. Hollen and Family.

MRS. ROSA MEYER

Mrs. Rosa Meyer 88, longtime resident of this county and state died at 6:30 p. m. on Tuesday, May 14, at her home in Buckholts, where she with her daughter, Miss Emma Meyer had resided for the past 26 years.

Mrs. Meyer had been ill for 12 weeks, 9 of which her condition was serious.

She was the oldest child of Mr. and Mrs. John Jansa, was born in Cernman Czechoslovakia on October 1, 1851, and at the age of 21 came with her parents and five other children to America, making the ocean passage in a sail boat which took them 13 weeks to land at Galveston. They made their home in Austin county.

In 1875 she was married to John Meyer. To this union were born 11 children, six of whom died in infancy. They moved to Marakville in 1885 where they resided for four years. After this they came to a farm near Buckholts where they were still living when her husband died in 1896, leaving her a widow with five small children.

Eighteen years ago her eye sight began to fail and her health as well and for the past five years had been a shut-in.

She is survived by five devoted children, John Meyer of Buckholts; Otto Meyer of Cameron; Mrs. J. R. Slovacek, Mrs. Martin Rubac and Miss Emma Meyer of Buckholts.

Funeral services were held at the Moravian Lutheran Church on Wednesday, May 15, at 3 p. m. Rev. Joseph Barton of Granger, assisted by Revs. T. D. McCrary and A. E. Flathmann, conducted the services. Interment was made at Corinth cemetery in the family lot.

Pall bearers were E. B. Hyer, Joe and Vince Petruy, her three grandsons, Marvin Slovacek, Otto Kamenicky and Emil Rubac.

Judge T. V. Adams transacted business in Austin Monday.

Miss Mary Zajicek of South Carolina is visiting relatives here. She had been away 10 years.

Mr. and Mrs. Frank Brown and small daughter, Nancy Jane of Houston were week end guest of relatives here.

Mr. and Mrs. Sydney Clint of Aus-

tin visited her parents, Mr. and Mrs. W. H. Ezzell this week end as they were en-route home from St. Louis, where they had spent their vacation with his parents.

Wednesday, May the 8th, there was held at the Vogelsang church, the annual Rally of the Federation of Evangelical and Reformed Woman's Union of the Waco region. 147 women and 6 Pastors were in attendance. The program began at 10:30 a. m. with the Rev. F. C. Rueggeberg of Dallas in charge of a devotion: "Spiritual Geography." Mrs. O. S. Colline of the local English Guild welcomed the delegates and guests and Mrs. W. C. Woodfin of Dallas, president of the Federation, responded. Mrs. Helen Schowe of Houston addressed the assembly on "Building Strength Through World-Wide Fellowship." A fine meal was served by the ladies of the Vogelsang church, with the Burlington Ladies Aid contributing pies and cakes. The afternoon session began with a German devotion "Friendship and Friends" led by the Rev. W. Wuerz of Otto. Then Miss Leona Poppe of Somerville who has been doing fine work among five small churches in Burleson and Washington counties, addressed the assembly on "The Lone Star Larger Parish." After her address the business session was presided over by the president, Mrs. W. C. Woodfin. Several new officers were elected and installed by the local Pastor Rev. R. Kalkbrenner. The Rev. C. Wolff of Waco closed the Rally with prayer and benediction. Mrs. Alice Friemel was pianist for the songs that were sung during the devotions. It was a day of fine fellowship and friendship, of information and inspiration.
